	Training Project Proposal to Use Animals for a Scientific Purpose	

Name of Project:

This form is to be used for submission to the CHM Alliance Pty Ltd Animal Ethics Committee (AEC) for teaching/training.

Important Notices

The 'Applicant' is the entity submitting this proposal.

The CHM Alliance Animal Ethics Committee (AEC) deems the applicant to be in charge of the project and to be responsible for:

- The conduct of the project in accordance with AEC approval, the *Animal Care and Protection Act 2001*, the *Australian code for the care and use of animals for scientific purposes, 8th Edition 2013* (the Code) and all other relevant Commonwealth and State legislation.
- The submission of all necessary reports, notices and advices as required by the AEC.

As an AEC approval is not transferable, it may not be appropriate for an employee of an external entity (eg a company or institution) to be the applicant. If an employee is the applicant and leaves the company or institution, the company or institution cannot continue to use the approval.

Investigators and trainers involved in the scientific use of animals have personal responsibility for all matters related to the wellbeing of the animals they use and must act in accordance with all requirements of the Code. This responsibility begins when an animal is allocated to a project and ends with its fate at the completion of the project. Investigators and trainers involved in the scientific use of animals have an obligation to treat animals with respect and to consider their wellbeing as an essential factor when planning and conducting projects.

All text boxes will expand automatically to accommodate entry. Do not remove/alter formatting, headers or footers. Any changes/deletions to headers, footers or formatting may result in the proposal being declined and returned to the applicant.

All pages must be submitted electronically in Word format to your AEC coordinator: steve.peucker@sunporkfarms.com.au
