

Company: PIC Australia Ltd	Issue date: 27 September 2018
Document: 25B PIC AEC Report of Adverse Unexpected Effects V3.doc	Authorised: Quality Manager
PIC Australia Ltd Animal Ethics Committee Report of Adverse or Unexpected Effects During the Conduct of an Approved Project	

This report must be completed for unexpected adverse events, including unexpected deaths and reported to the AEC immediately.

Please reference the Australian Code for the Care and Use of Animals for Scientific Purposes, 8th Edition, 2013 and the Australian Code for the Responsible Conduct of Research 2018.

Respect for animals must underpin all decisions and actions, including acquisition, transport, breeding, housing husbandry, use of the animal in a project and provisions for the animals on completion of their use.

All received complaints will be investigated. **If activities could adversely affect animal wellbeing the project will cease immediately.**

PIC Australia Ltd Animal Ethics Committee Report of Adverse or Unexpected Effects During the Conduct of an Approved Project	

Source of problem:

- ☐ Human Error ☐ Mechanical Error ☐ Disease/Parasite ☐ Nutritional ☐ Other
- ☐ Research Misconduct

Summary of circumstances:

--

Details of the symptoms and/or signs exhibited by the animal/s:

--

At what stage of the project did the event occur?

--

What action was taken when the event happened or was discovered?

--

What investigations have taken place? For example: Internal and/or external independent review; external bodies such as regulatory authorities:

--

Why/how do you think this event occurred? What immediate and long-term actions are being taken to prevent a recurrence?

--

Supporting documentation (post mortem and/or vet's investigation report; photos/references/pathology reports etc – please attach)

--

Outcome of Incident	Yes	No	Number of Animals
Unplanned Mortality			
Unplanned euthanasia			
Recovery (project continued)
