Document: 17B PIC Checklist for Assessing AEC Proposal V4.doc	Authorised: AEC co ordinator
PIC Australia Ltd Checklist for Assessing AEC Proposal	

Member Assessment of an AEC Proposal: PIC PP

AEC Member:

Date of meeting:

Location: SunPork Toowoomba Office

Title of Proposal:

Has the commercial value of the project been justified? Y/N

- Has it been justified for the project to be conducted under Australian commercial farming conditions? Y/N

- Has the AEC considered the housing and care of pigs, regarding enclosures, the provision of enrichment, feed, water and bedding as per European Convention Guidelines– Pigs sections 4.1-4.5 Y/N

- Do you know what will happen to the animals and in what time frame? Y/ N

- Do you understand the animal welfare impacts of what will happen? Y/ N

Describe: _____

- Can you identify which aspects of the activity contribute to the animal welfare impact and how each animal impact is minimised? Y/N

- Have all possible alternatives to the proposed animal use been considered and the reason for the non use been given? Y/ N

- Has it been explained why the proposed numbers are optimal to achieve the desired outcomes? Y/ N

- Do you think the proposed animal use is justified? Y/ N

- Have the Replacement, Reduction and Refinement principles been followed? Y/ N

List any concerns you have regarding the scientific value of the study and/or the potential effects on the welfare for of the animals and justification for using Australian farming conditions or any modifications/further information required:
